8.Future Plans of Actions for Next Academic Year

1. Development of Text-Cum-Reference Books in Sanskrit for B.Ed. Students: Recognizing the dearth of Sanskrit Reference materials tailored for B.Ed. students specializing in Sanskrit teaching, the university has devised a strategic initiative. Workshops will be organized, inviting esteemed educators from diverse Education Departments. These workshops will facilitate the creation of text-cum-reference books in Sanskrit for B.Ed students. Participants will craft various chapters under expert guidance. Early publication of these books is aimed, ensuring their availability to trainee teacher -students. 2. Implementation of an Effective management Information System (MIS):- Understanding the contemporary importance of an efficient management Information System (MIS), the university took measures by engaging an external agency in the 2016-17 periods. Subsequently, the university realized its potential to develop a tailor-made system in-house. This realization prompted the university to introduce a proficient MIS for the Examination Section, which demonstrated exceptional performance. Buoyed by this success, the university plans to extend the system's application to the admission process. The objective is to establish a centralized online admission system by the forthcoming academic year.
